St Mary's Hall Chapel & Arts Centre

This Autumn will see work starting to restore our much loved Chapel, and begin its transformation into a multi-purpose arts centre.

Thanks to generous donations and the support of several charitable trusts we have raised over £300,000. This will be used to get improvements underway with:

- Roof repairs to the Chancel, Organ Loft and Vestry
- Essential repairs to the east window and stone work
- Installation of the infrastructure, electrics and heating, for a multi - purpose arts centre

Can you help?

More funds are urgently needed if the Chapel is to fulfil its true potential for St Mary's Hall pupils and the local groups who are waiting to use it.

The next vital step is to develop the South Transept into a Rehearsal Room, for teaching dance and other performing arts, by:

- Installing a dance floor with specialist surface
- Creating new doorways and raising the floor level
- Installing practice rails and mirrors

Creating a rehearsal room will cost £40,000

If you are able to make a donation, of any amount, please send a cheque payable to 'St Mary's Hall Appeal Account'.

To arrange a regular gift, direct transfer, become a sponsor, or Gift Aid a donation, please contact us.

What did you say?

We found some strange photographs of teachers and staff when piecing together this year's magazine. For a bit of fun, you might like to add your own captions.
